WHERE IT'S AT

Mayfair Male 4

We're forever being asked whether the readers' letters are real or not. Well, they are. Happy now? Nah, course you're not. What you need to do is to read some more of the saucy tales to make your mind up. Oh yeah, and your cock as hard as marble!

Extreme Sports 12

Okay, so once again we've pulled lots of wool over your eyes. The spectacular event known as 'human towers' isn't really a sport but it's very fucking extreme. You need good balance, a strong back, and whopping balls!

Treasured Islands 30

Forget the daily routine, forget work, forget the telly, forget life as you know it. Quit everything, get some money together and go and live on your own island. The sun, the sea, the fact you can walk about nude! Joy!

Celebrity Sizzlers 42

No man, ever in the history of time, has ever liked an actress without having some sort of sexual interest in them. Ever! And that's the truth, it is! Well let's up that interest with our monthly parade of famous ladies from TV and film without any clothes on. Oh!

See Us On The Net! 52

Yes, see pictures of us on the Net – sitting on chairs with holes cut out of the crotches of our trousers! No, that's a lie, but you *can* see super-horny Mel do a striptease at our website – in wonderful full-motion video!

Scene From… 58

Bored of looking at our naked models? Then tilt your face at out monthly news round-up where we peruse lots of stuff hardly anybody wants. It's got thrills, chills, one new joke and lots of crude swearing.

Quest 90

Here's how Quest works. Even though we get lots of blokes writing in wanting to take part, it's our female readers who put the saucy column together. This month four women offer their thoughts on 'wet sex'.

Next Month 98

Next month we're going to clone every one of our models and give them away for free! So like, watch out for that. But if for some reason it doesn't happen (which it won't) here's who you can see soon – in the nuddy!

Subscribe 98

So you want to get hold of *Mayfair* every month… but your mum works in the newsagents? Then use this coupon to get a year's supply. Peace of mind for your cock!

MAYFAIR MALE

No wonder our postman looks so miserable. He's delivering a sack full of readers letters but he can't read them. Well he can now, and so can you . . .

PUT YOUR FEET UP

I would like to correct an erroneous impression you may have created in Vol 34/01 regarding foot fetishists. It is not shoes that turn us on, but the beautiful sweet soft skin of a woman's foot. Furthermore, a picture of a woman's foot not accompanied by her face is almost meaningless. As a devoted fan of Veronica I am desperate to see the soles of her feet, but up to now she hasn't revealed them. I'm sure she has sublimely beautiful soles.

Peter, Merseyside

As far as we're concerned Ronnie can't put a foot wrong, but just for you, here are those saucy soles!

RED HOT LETTER OF THE MONTH

TOOL OF THE TRADE

I'm Shiran, a 19-year-old Asian girl with a slim figure, long dark hair… and I love cock! I'm currently at university, sharing a flat with two other girls, Gemma and Karen. The other day the others had lectures to attend while I had the day off, so the flat was all mine. At one point I was feeling particularly horny, so I went into my room, stripped naked and had a good frig. I quickly squeezed my boobs together then moved my hand down my body, slipping my fingers between my legs and rubbing my shaved pink pussy. I sighed in pleasure as I pumped a couple of fingers into my wet hole, wishing I had a man's hard cock to play with.

I was on the verge of climax when I heard a knock on the front door. "Fuck off," I thought to myself, throwing on a long T-shirt. I answered the door to find a hunky guy there.

"Electrician," he said, showing me his ID card.

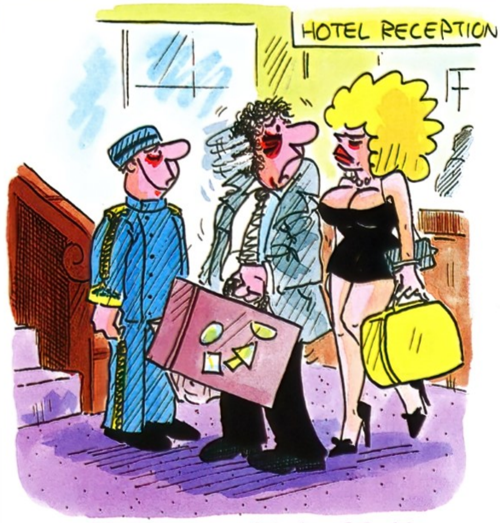
I'd completely forgotten someone would be calling around to repair a broken socket. I led him into the kitchen aware he was eyeing me up in my T-shirt – not that I minded as he was very good looking. Within minutes he'd done the repairs and was standing in front of me, making me aware of the huge bulge in his trousers.

Never one to let a hard prick go to waste, I moved up close to him and grasped his waist, guiding his hand up my T-shirt until he was touching my hot cunt.

"This is what you want," I giggled, letting him stick a couple of fingers up me. As he got a good feel of my smooth fanny I lifted my T-shirt up over my head so I was now completely naked before him.

I moaned in pleasure as he fingered me to orgasm, then followed me to the bedroom. I knelt in front of him and pulled down his trousers and

> "He cupped my breasts and licked my pert nipples"



"Carry my wife's bag? Fuck! She's not **here**, is she?!"

THE BIG SNIP

Hello. I am requesting you to mail female nude photographs.
Mintala, E-mail
Request received. And ignored.

Where can I obtain a copy of the movie called the *Waterdance*? This is my third e-mail and you still haven't told me.
David, E-mail
For fuck's sake, Dave! Do you go into a video shop and ask for copies of *Mayfair*? Try asking at places where they sell fucking movies.

Please send me some pussy.

No.

pants, freeing his hard cock. It was a fucking monster of a cock, long and thick, and I quickly got busy sucking it. I managed to get most of it in my mouth, and as I sucked I rubbed his balls at the same time. I sat him down on the bed and licked the swollen head of his cock before running my tongue down the length of his shaft, wanking away with my hand. It took nothing to get his cock twitching and filling my mouth with hot spunk. As I drank down his come he withdrew and another load of jism sprayed out onto my tits.

> ❝Another load of jism sprayed out onto my tits❞

Watching me rubbing his cock cream into my skin soon got the guy hard again which was a pleasant surprise – I was desperate to get his big cock inside me. I sat astride his thighs and lowered my pussy lips over the tip of his sticky penis, slowly easing myself onto him. I gasped loudly as his fat dick slid all the way inside my tight little hole, and when it went all the way in we began a slow rhythm,

So what's your real name?
Just call me 'Jazz'.

Erm… okay. So do you like jazz music?
You guys are sharp! But no, I don't as it happens. I like all sorts of music. Rock, pop, even classical.

Classy lady.
Not really. I like fucking to music. I don't look so classy when I'm on all-fours with my ass in the air.

What tune gets you hot under the collar?
Something fast and lively – I'm not into listening to any soft mushy toss when I'm on the job. Whatever song it is, it has to be really loud. Mainly so that the neighbours can't hear me when I'm coming!

Do you play yourself?
I play with myself if that's what you're getting at! I'm good at that. Lots of practice, see?

Name your favourite band.
There's a new band called Rocket Gold Star who are fantastic. I love them. Actually, I'm on the look-out for a bloke who's a musician because that kind of turns me on. Muscians are usually very good with their hands... if you get what I mean.

We can play the recorder.
So you're good at blowing? Hmm... not for me, thanks!

You're head and shoulders above the rest. Which is bad news if you're at the top of a human tower, coz it's a long way down with only the ground to break your fall!

People are pushing and shoving and you're balanced precariously on somebody's shoulders with another man standing on your head. The noise of others shouting is deafening and in every direction all you can see are bodies frantically clambering over each other. Sounds like an evacuation, or the climax in a Hollywood disaster movie, but it's actually a fun day out in Terragona, Spain, where the locals are participating in the extreme event of 'human towers'.

Each summer this loony activity takes place in village squares throughout Catalonia with the finalists gathering every two years at the Terragona bullring. It is an event that dates from Greek times and every small community in the area participates, young and old, sane and insane. Competitors take part with bare feet, wearing white trousers and with coloured neckerchiefs representing their village.

There are many different human tower formations, but only one preparation to make before beginning to build – wrapping black sashes around your torso to support your back. The pressure can take its toll on bones, and when the tower comes crashing down – which it always does – it's good to know there's something to hold your guts in.

At the base of the tower will be around 40 strong blokes forming the tower equivalent of a rugby scrum. On top of this gang another two or three layers of folk are added, finished off by two kids standing on the very top.

Now there's sensible!

Nothing bad, just a little play. Most people really get into it when they give it a go.

So what exactly do you like?
Now that would be telling – and I like to keep things mysterious.

Yeah, we can see you're keeping it all hidden here!
Okay, I'll admit that I like going nude and showing off my body. It's liberating, you should try it.

You remind us of somebody, Edith, but we can't think who.

Is this a joke?

No, straight up. You really do look like somebody famous.

Famous? Come on, don't fool with me.

Honest.

As long as they're nice, I don't mind what you say. Are they sexy?

Ohh yeah. That's it, you look like Kate Moss and she's fab.
Kate Moss? I look nothing like Kate Moss! I look more like Margaret bloody Thatcher than Kate Moss. But you remind me of somebody, actually.

Uh-oh.
Yeah, my ex! He was a liar too, you sods!

gently fucking while fondling each other. He cupped my breasts in his hands and licked my pert nipples as I bounced up and down, his prick filling me right up. We went at it intensely, and even after I'd had my orgasm he continued to bang me, eventually shooting more spunk up my fanny.

I told my flatmates all about it and now they're looking for an excuse to get the bloke back in the flat – just to have a go with that big cock of his.

Shiran, Glasgow

You know what this makes us think? It makes us think there should be more female electricians around!

> “I lowered my pussy lips over the tip of his sticky penis”

PRIVATE'S PARTS

I'm almost halfway through my army training which means I haven't had a shag for months. But that changed last week. I was coming out of the shower and went into my room [I thought soldiers had dorms? –SubEd], and was surprised to see a maid in there making my bed. She was a gorgeous brunette with a great pair of tits and she was shocked to see me too, especially as I only had a towel covering my privates.

> “I put my hand up her blouse and groped her sexy tits”

She introduced herself as Emily and then laughed at the fact I only had a towel on. Unfortunately, I hadn't tucked it in very well and it slipped off leaving me bollock naked. As I tried to turn away, Emily came up behind me and stroked my back, then reached around and tugged on my cock. It hardened in seconds and she was soon wanking away at my big stiffy before dropping to her knees and taking it in her mouth. She gobbled and gulped my throbbing member for what seemed like ages and on several occasions I very nearly spunked in her mouth.

> “We switched positions so I could penetrate her cunt”

It was a frantic sex session and neither off us wanted to get caught in the act, but instead of instantly adopting the normal missionary position, Emily hitched up her skirt and we got into a 69 to lick each other's genitals. I pulled her knickers to one side to expose her hairy fanny and parted Emily's pink lips and licked her out, lapping away at her sweet juices. She moaned in pleasure as I did this, again taking my cock in her mouth and fondling my balls.

We switched positions so I could penetrate her cunt, opening her legs wide and sliding my cock into her red opening. I put my hand up her blouse and groped her sexy tits through her bra, continuing to kiss her passionately throughout.

> “I pulled her knickers to one side to expose her hairy fanny”

She fucked and sucked like a bunny on heat and I couldn't conceal a loud moan when I eventually came inside her. It was something I wished could have gone on for hours but we were so nervous about getting caught we had to stop and kiss each other goodbye pretty sharpish.

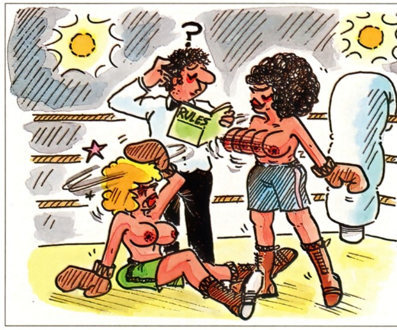
I haven't seen the girls since although I'm keeping my fingers crossed as it was a fine shag, and it just goes to show there are worse ways to spend your time as a squaddie.

Jay, Midlothian

That sounds like a dream come true, Jay. Or maybe just a dream? Whatever, seems like there is a reason to join the army after all.

SECOND HELPINGS

Wow, you really printed my letter (34/01), and seeing it in print led to my husband and I having a red hot experience. As I explained last time, I had a lesbian experience with a woman called Sally and thought it would be great for my husband to read all about it rather than me just tell him straight.



I usually buy Jeff's *Mayfair* and read it before he gets home, and as I knew my letter was in I thought I'd dress up for him so I put on my French maid gear.

When Jeff arrived and we got down to it, he went really quiet as he read about my lesbian sex session, and while he did I opened his flies and gave him a slow, sensual blowjob. I felt his cock getting harder, so I knew he was enjoying my letter and, after he'd finished, he asked if I really fancied a threesome as I'd written. I told him I was going to see Sally in a few days and wanted him to come with me. He eagerly agreed and expressed his excitement by eventually coming over my tits. Now *there's* a way to get a message across!

I was nervous when we both went to see Sally. I'd already called and asked if Jeff could come and she seemed really pleased. But in the back of my mind I was concerned

TREASURED ISLANDS

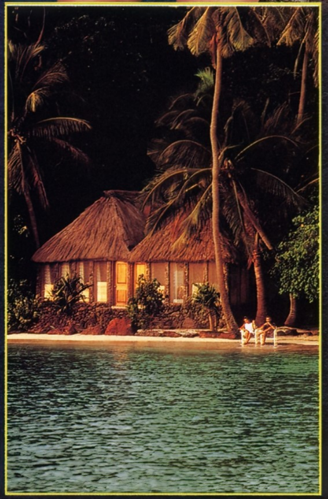
Romantic, tranquil, the ultimate possession of the stinking rich – you can't top owning an island. Do what you want, invite who you like and yes – you could even walk around cock naked!

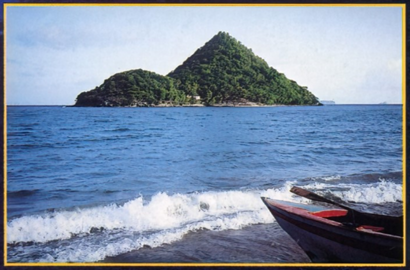
Getting away from it all rarely involves getting away from it all. Go on a package holiday and you can often wind up in a hotel full of the very idiots you are trying to avoid, with the pool surrounded by grim, shouting human spectacles and the sea infested with kids from hell and their equally repulsive parents. Even if you trek for days in parts of the world most people can't even spell in order to escape, the chances are you'll find a secluded beach, except for one insane man carrying a bag of dead parrots who decides you're his new companion whether you like it or not. Yes, to truly get away from it all there's only one solution – buy your own desert island!

There are few islands that haven't already been besmirched by man's conquering feet, but if you've got the money you can buy your own secluded patch of land and kick everybody else off. Harsh and impolite it may be, but when you're stretched out on a glorious beach miles and miles from modern misery you won't be complaining. Okay, so poorer people are going to hate you and point out you're a symptom of capitalism at its most obscene, but fuck them – they don't own an island!

Islands are unique gifts of nature. They have no numbers, no civic addresses, but they all have that romantic, idyllic, luxury quality about them which means that even if you look like Oliver Reed you can basically name a women and she'll join you on the sands.

'Island for sale' adverts can be spotted in any large daily newspaper in the USA, France and Germany – and there's even an island hotline number with regular price and location updates for brave (and loaded) Robinson Crusoes. The cheapest on offer are those which have nothing but what old Missus Nature put there in the first place, so if you don't know how to build a camp out of sticks or turn snakes into soup you'd be better off saving a few more pennies. You can start getting picky when your bank balance is so healthy it smiles at you, and then you'll have enough for a decent island complete with basic pad and not a worry in the world. Apart from hurricanes. And sharks. Oh, and mosquitoes, poisonous spiders, cannibals, etc!





THE·PRICE·OF·PARADISE

Okay, wallets out and eyes down. Here's a round-up of the places from heaven along with their prices from hell. Each island has its own unique attributes, so here's what you can expect to buy when your lottery numbers come up.

Timber Island

Area: *Canada*
Price: *£11,500*
Size: *2 hectares*
Location: *100 metres from Nouvelle-Ecosse*

Shiver me timbers, ha-ha – an island that a mortal man might actually be able to afford. In his dreams. Timber Island is small but perfectly formed with a cool combination of woods and big rocks to clamber around.

Certainly the cheapest (what's it to be – a new car or this unknown lump of rock?) you're guaranteed peace and quiet if you buy it. Unless you start talking to the Canadians over on the mainland – because oh boy, can they fucking yak!

Big la Mouna

Area: *Canada*
Price: *£130,000*
Size: *36 hectares*
Location: *2 miles from Halifax airport, Nouvelle-Ecosse*

Again, this is ripe Canadian Mountie fare, with a magnificent forest heaving with maple trees. Great surroundings, which is cool, because hopefully the views will take your mind off the fact you need to build a well if you want to get your tongue around any drinking water.

Gorgeous beaches are guaranteed to make this a winner with any lady companions you may have – or, indeed, any companions you may have!

So you'd better keep an eye on Man Friday…

Frog & Apple Islands

Area: *Canada*
Price: *£125,000 and £15,000*
Size: *16 hectares and 0.6 hectares*
Location: *Just off Nouvelle-Ecosse coast*

The inventively named Frog and Apple are two separate islands within hopping distance of each other, both covered in maple trees and with the added benefit of having drinking water on tap. The problem is you'll need to build a house to put the tap in as currently… there isn't one.

Fortunately, unlike many of the other islands, it's not hard to get building permission on either Frog or Apple – so, provided you don't want to build a house with a roof in the shape of a giant purple monkey penis, you should be fine.

Covey Island

Area: *Canada*
Price: *£34,000*
Size: *40 hectares*
Location: *1 km from Atlantic coast*

Another Canadian beauty, this has a great location and is a very green and woody wilderness. Soak in the sun, drink in the fresh water and laugh at the fact it not only has fine white beaches stretching around the sides but also comes with two – yes, two! – lakes. Don't forget to bring a tent either as there is no permanent building to take refuge in, although there are some ruins of an old farm to gawp at. Which is nice.

Ile Saint-Rion

Area: *France*
Price: *£525,000*
Size: *9 hectares*
Location: *5 km from Paimpol, one of the prettiest small islands in Brittany.*

Combining exotic wilderness with European homeliness, this continental haven is highly attractive. Hilly and peppered in shrubbery, the green isle has a granite house and a small farm – the sort of thing you only usually see scaled down and made out of clay sitting on your aunty's mantelpiece.

It also has a few fields (perfect for cultivation), and a cute beach where you can go after toiling on your private dope farm to let your bollocks hang out.

Taborcillo

Area: *Panama*
Price: *£225,000*
Size: *40 hectares*
Location: *3 km from Pacific coast.*

Prepare to catch your jaw as it drops upon seeing this island that's straight out of a Hollywood adventure flick. This lush isle has a hotel and restaurant but what it doesn't have is any thick woods or dense patches of jungle (as it once belonged to John Wayne who cut all the vegetation down!). You see, Big John was so rich he even had his own plane and needed to make room on Taborcillo to land the fucker. So away went the trees to make way for an airstrip enabling the varmint to visit for a picnic or two. Or shoot the local Indians perhaps.

Little Saint-James

Area: *Virgin American Islands*
Price: *£6,000,000*
Size: *Fucking massive!*
Location: *Just off Peurto Rico*

This is the most luxurious on the market, a real pussy puller and the closest you can get to true paradise. The sumptuous island has a really pukka villa perched on it complete with swimming pool, armies of coconut trees all over the place and a magnificent fresh water fountain.

If you find yourself kicking your heels on this fine isle, you could take solace in the fact that saucy supermodel Claudia Schiffer stayed in the villa in 1994. So yeah, straight off the beach and upstairs to sniff the mattress!

Nawaci

Area: *Fiji*
Price: *£280,000*
Size: *10 hectares*
Location: *200 metres south of Vanua Levu, second biggest Fijian island. 15 minutes by boat from the nearest airport*

It's got a lovely bunch of coconuts; big ones, small ones, and yes, even some as big as your head! In fact this sweet island retreat has an entire coconut tree plantation – which means that if you get bored you can piss around making Bounty adverts. Nawaci is surrounded by fine white sandy beaches and the gorgeous coral sea offers excellent scuba-diving and snorkling opportunities. Dive, dive, dive!

Palominas

Area: *Peurto Rico*
Price: *£2,400,000*
Size: *40 hectares*
Location: *5 km from Peurto Rico*

Sporting a simple house, Palominas is an idyllic retreat with all the perks one would expect from paradise. You've got your coconuts, your exotic garden, your white sand beaches and, best of all, a lovely path perfect for moonlight walks. Or midnight fucks, whatever takes your rich fancy. It's also an exceptional location for scuba diving, so once you finally grow weary of going down on all those mouth-watering local missies, you can go down under water and laugh at how great your life is!

White Island

Area: *Grenadines*
Price: *£600,000*
Surface: *8 hectares*
Location: *Caribbean, between Barbados and Grenada*

There's a fine time to be had on this simple but stunning island, with many beautiful sights on offer. It has easy access for any boat but, unless you know what you're doing, you might only want to visit for the day. White Island needs a drinking water supply, and there is no fixed shelter for you to kip in. Yep, this is true Robinson Crusoe territory – so you might want to take more than a Reader's Digest along for the ride.

North Island

Area: *Seychelles*
Price: *£1,500,000*
Size: *240 hectares*
Location: *1/2 hour from mainland.*

If you never win on a scratchcard and if you don't stand to inherit massive amounts of money in the near future, you may as well look away. This is one expensive place to lay your hat, but a real honey. The awesome North Island lies in the Indian ocean – perfect for snorkling and sub-aqua fans. Rugged and beautiful, it's begging to be bought by some rich businessman so he can completely ruin everything by building loads of hotels and stuff. There are superb beaches of fine white sand too – ideal for burying your shit in!

Tago Mago

Area: *Spain*
Price: *£3,000,000*
Size: *57 hectares*
Location: *2 km from Ibiza*

Forget staying on the island, pack your bags and make repeated visits to Ibiza to see naked women and moronic blokes involved in those horrendous 18-30 drinking games. Actually, Tago Mago (which we swear used to be a really shit character from the cartoon Ovid Video) has a magnificent modern house with pool and top sandy beaches on the west of the island. Sounds perfect? Well, the downside is that it's not far from a prison where loads of violent, hideously disfigured convicts often escape. Nah, only kidding!

And how is life in Veronica's world?

To be honest it's getting kind of routine. I get bored pretty easy and I'm thinking of moving on to new challenges.

We can think of a challenge. It's in our trousers!

I'll bet. No, I'm thinking of throwing in the towel.

Erm… what?

I just think that it may be time to move on. I've always wanted to have a serious stab at acting, and I've done all there is in the modelling biz.

So you want to… quit? *Not yet. But in the near future I can see myself moving on.*

Our readers are gonna cry! *Well nothing lasts forever, and you have to try-out new things. I want to get into films if I can. And not porno ones!*

It'll be a sad day when you go, Vron (sob!) *Well it's business as usual for the moment. So… has anybody got a dry pair of knickers?*

MAYFAIR MALE

Continued from page 29

something might go wrong. Sally opened the door to us wearing a tiny black mini-skirt and a tight, white T-shirt through which I could clearly see her nipples sticking out rock-hard. She closed the door behind us and immediately greeted me with a long, lingering kiss on the lips in front of Jeff. Then she kissed Jeff and said, "I hear you like shaven pussies. Why don't you have a feel of mine?"

With this she took his hand and placed it between her legs under her skirt which she hitched up to reveal a smooth cunt. Jeff's hand immediately went to work inside Sally.

"Show your wife how wet I am," she said, and Jeff removed his hand and held his wet middle finger up to my face. With eyes closed I took a long breath of Sally's pussy aroma, then slowly and carefully licked the juice from Jeff's finger. Meanwhile, Sally had pulled my husband's trousers down and was busy wanking his cock, leaning back against a wall and hitching her skirt right up around her hips. She guided Jeff's cock toward her smooth pussy and he entered her, pulling her T-shirt over her head and sucking her nipples. I could hardly take my eyes off my husband's cock sliding in and out of another woman's cunt, but I cupped Sally's small tits in my hands and bent my head to tease her nipples with my tongue.

This must have been too much for Jeff, because after only a couple more strokes he groaned and I could see him tense as he shot his load inside Sally.

"You haven't got him very well trained," Sally smiled at me. "He's made my cunt all messy and I haven't even had an orgasm yet."

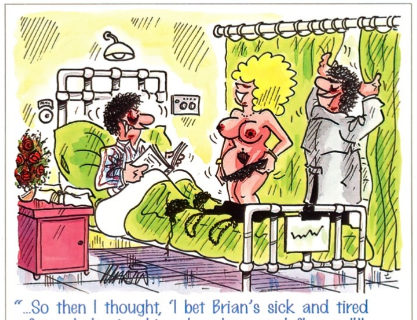
Sally took my hand and led me into the lounge with Jeff following sheepishly behind. Sally lay on the sofa and opened her legs wide, revealing her shaven pink gash with trickles of spunk dribbling out from between her lips.

"Sally hitched up her skirt to reveal her smooth cunt"

"I could see him tense as he shot his load"

"Lick me clean," she said, pulling my face onto her sticky fanny. I was so turned on that I started to lap up the mixture of spunk and pussy juice with relish, allowing a little to dribble between her bum cheeks so I could work it into her arse with my finger.

"Why don't you fuck your wife up the arse while she's licking me?" I heard Sally say to Jeff. She handed Jeff a tube of lubricating cream and I felt Jeff lifting up my skirt and pulling my knickers down to my knees. He put a blob of cream right on my arsehole and then nervously rubbed it in. It felt so good I decided to help him by opening my legs wider and pushing back against his hand so his fingers went in my bum. Soon, Jeff was rubbing the tip of his cock into it and I felt great as he slid inside. I'd never taken a cock there before but it was wonderful.



"...So then I thought, 'I bet Brian's sick and tired of people buying him chocolates and flowers'!"

"I felt a gush of her juices surge out of her"

Jeff began to fuck my arse, each thrust shoving my face into Sally's cunt. All three of us fell silent as out pleasure began to mount.

I came first – it must have been the unusual sensation of having Jeff up my arse – and soon after I felt him spurt inside me. I began lapping furiously at Sally's cunt and vigorously fingering her arsehole until she let out a long moan and I felt a gush of her juices and Jeff's spunk surge out of her and soak my face, while her arse muscles clenched tightly around my finger.

Our session went on for a long time, so you see, printing my letter certainly had the desired effect!

Mrs. Russell, Warwickshire.

Hey, the pleasure is all ours! We can't begin to imagine what you'll get up to upon seeing another of your letters in print. Have fun!

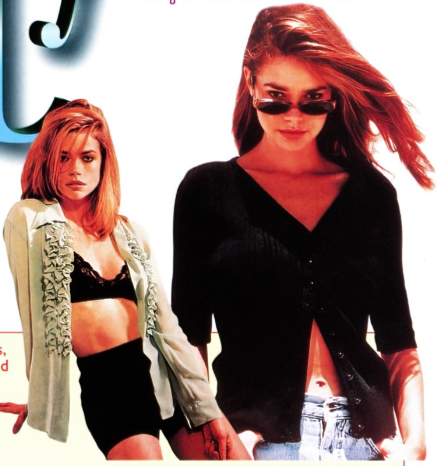
"I haven't got time for a man in my life" – Denise Richards

BOND'S NEW BIRD!



Bugs, Bond and breasts. What a trooper!

Dazzling **Denise Richards** has come from nowhere to become one of the 'birds we'd most like to shag.' The first time we saw her was in *Starship Troopers*, where she kicked big bad ugly bug ass as spunky space pilot Carmen Ibanez. Then in *Wild Things* her turn as scene-stealing sexpot Kelly Van Ryan revealed top notch acting ability… and one of the best bodies in movies!

The 24-year-old Illinois-born beauty started out as a popular swimsuit model, and she turned to acting only after her ambitions of catwalk fame were frustrated by her lack of height. On the advice of an actor friend she took her perfectly formed five and a half foot frame along to an audition for *Starship Troopers*, and before she knew it the part was hers. Denise's next role is her biggest to date, playing a nuclear physicist with the unlikely name of Dr. Christmas Jones in the as-yet-untitled 20th James Bond movie, due to open at the end of this year.

You'll no doubt be sad to hear that the punishing schedule of starring in a 007 flick has played havoc with Denise's love life. "I haven't got time for a man in my life at the moment," she admitted recently. Hmm… maybe James Bond and his fancy equipment can change her mind.

LIFE'S A BEACH!

Tasty **Tara Fitzgerald** was in the news recently complaining that she'd almost frozen while filming a nude scene on a Cornish beach for a new TV version of that classic bodice-ripper, *Frenchman's Creek*.

Tara came to fame with her steamy TV bonkfests as Polly, the twin-fancier in Channel 4's controversial *The Camomile Lawn*, and Dolly, the inebriate seductress in *Anglo-Saxon Attitudes*. Then she brought her full-frontal charms to the big screen in hits like *Sirens*, showing she wasn't just a one-tit wonder.

"In this country, people are so repressed," she says. "They never talk about sex in the open. It's all giggle-giggle and, 'look at that shameless woman taking her clothes off.' I don't mind taking my clothes off, if the script calls for it and I trust the director. When you are doing a nude scene, you just have to take a deep breath and get on with it. I can't bear bedcovers-up-to-the-chin jobs!" Neither can we.

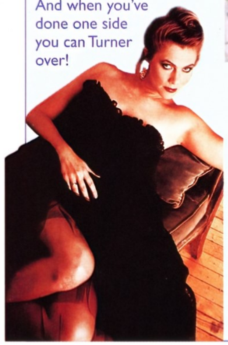
BITCH IN HEAT!

Has there ever been a more passionate fatal woman than **Kathleen Turner**'s Maddy Walker in the classic 80's film noir *Body Heat*? This was the film that began the revival of the current neo-noir craze in a big way, and Turner didn't just look hot in it – she was literally burning up! The audience was sweating too as Turner got her togs off to give William Hurt the bonk of his life. And after making Hurt's privates stand up and do tricks for her, the calculating nympho makes him take the rap for bumping off her rich old hubby.



And when you've done one side you can Turner over!

Showing she could make audiences laugh as well as drool, Kathleen then played a similar kind of femme fatale role in the underrated Steve Martin farce *The Man With Two Brains*. She continued to sizzle in the trashy Ken Russell sex scorcher *Crimes Of Passion*, where she appeared as a smart businesswoman with a secret life as a hooker. In one scene, she shoves a policeman's truncheon where the sun doesn't shine – and we're not talking Grimsby here!

BEVERLY HILLS BABE!

Plenty of sexy babes have emerged from *Beverly Hills 90210*, but few have been as controversial or as downright raunchy as bad girl **Shannen Doherty**, who you may recall left the series under something of a cloud at the end of the fifth season. Her wild child behaviour was allegedly causing problems on set, and producer Aaron Spelling said it was affecting the performances of her co-stars. Er… how could he tell?

Still, you can't keep a bad girl down, and after a failed five month whirlwind marriage Shannen turned up in her own show called *Faster Pussycat*. Better still, she treated her many fans to some topless titillation in a straight-to-video (ie. rubbish) sextravaganza called *Blindfold: Acts Of Obsession*.

"Doherty's wild sex scenes will have audiences squirming in their seats," reported the trade journal *Variety*. Yeah, like squirming trying to undo our flies for a swift hand shandy, maybe? Not only was *Blindfold* Shannen's topless debut, but it also exposed the world to her brand new breasts, no doubt bought with her *Beverly Hills 90210* redundancy money! Like they say, every cloud has a silver lining…

Hey, Karen, we had to call you to discuss this latest set we're publishing.
Oh right, which one?

You're wearing a black little number on a red chair against a yellow background.
Odd, I don't remember.

You're wearing sunglasses.
Are you sure it's me?

Hey, we never forget a Page 3 girl in a hurry!
I think I remember. Yes, I did that about two years ago. Oh you're not using that, are you? I look much better these days.

Don't be daft, you look like a fox.

No, I was funny looking back then. I'm in the best shape of my life at the moment. Now I'm a fox.

Well there's only one solution to this.

Yep, I'll do another shoot – and I'll wear my special pants!

How does it feel to star in your own film?

It was a lot of fun. When a video camera is pointing at you, you tend to put on more of a show than usual, making it as sexy as possible. With a normal photo-shoot you can take your time and be lazy, but I like showing off. And I show it all!

So next stop Hollywood?

I'm not sure about that. I'd consider doing adult films, though, but the offer would have to be good. And by that I mean lots of money and well-hung male co-stars!

SCENE From MAYFAIR

There are loads of things in 'Scene' this issue but, sadly, we've been drinking too much home brewed beer to write a proper intro. Normal shervice will be reshumed as shoon as poshible…

DANCING BARE?

BAH! YOU GO OUT FOR A FEW QUIET BEERS AFTER WORK WITH YOUR MATES, AND END UP WITH A HALF NAKED LASS SHOVING HER SHAPELY ARSE IN YOUR FACE. THE BARE-FACED CHEEK OF IT!

Usually, when a new table-dancing venue opens its doors to the baying public, the owners are straight on the phone begging us to come along and indulge ourselves. Free beer, food and lap-dances are regularly laid on in an unsubtle attempt to gain coverage within our erstwhile organ, but this time it was… different.

Can you believe that the owners of 'The Astral Club' – at the Wardour Street end of Brewer Street here in London's Soho – actually expected us to pay for our own drinks and lap dances? Straight up! Gah, the horror! Actually, it was good to see the usual suited blaggers forced to cough up for once, and although you couldn't move due to it being busier than the queue for the first rocket to Planet Breast, the girls were gorgeous, the beer just the wrong side of expensive and the decor? Oh, who gives a stuff…

Not so much a lap dance as a breasts, ass, crotch *and* lap dance!

BAD TO THE BONER

Scene has turned into the sex version of Tony Hart's *Hartbeat* this month, as we've been sent a ruck of erotic art books. Many of them were oh so dull but *Girls Behaving Badly* by Trevor Watson ain't bad at all. It's gorgeous to the touch – a paper version of PVC as far as we can tell – and the images are definite cock-ticklers with pictures of women acting very naughty indeed in several public places (how come we never see any of this on the Central Line?). The Erotic Print Society (PO Box 10645, London SW10 9ZT) are the folks responsible, and we're taking off our enormous sexy hats. For them.

GIRLS BEHAVING BADLY

SOME AS BIG AS YOUR HEAD

If you want to see a video of women with big breasts, look no further than *Voluptuous Vixens II*, a compilation of softy films featuring the likes of Pandora Peaks, Tawny Peaks, Barocca, Tracy Dali and Summer Leigh, whose parts speak for themselves. Russ Meyer, the big tit-man himself, even makes a cameo appearance – and there's enough stripping and flaunting of flesh to make men wish everything had breasts. Even things like chairs.

Voluptuous Vixens II is out now priced £14.99.

EXTREMELY UNLIKELY

Uh-oh. When the latest release from amusing 'film-makers' Extreme Erotica reached our eyes we didn't know whether to laugh or cry. We actually ended up crying with laughter.

The little Swedish company have turned out another low-budget sex flick which is entertaining for all the wrong reasons. The superbly entitled *Nicole and Sussi Love To Play Everywhere* has to be seen to be believed, even though you'll be fast forwarding through the majority of it to see something other than a large man in a naff dressing-gown, a pond, and a cat climbing up some curtains. When it comes to original porn films this is undoubtedly champion, although 'original' doesn't always mean 'great', right? To sample Extreme Erotica's wares check out www.eurosex.nu/x3erotica. We'll give it two seconds before you go, "eh?"

IT'S A MIRACLE!

Don't like simply going to the shop and buying a pack of bitter? Then why not try home-brewing with this thing that looks like it's fallen out of the sky – the Brewster from the Miracle Beer Co. To make your grog, all you do is add a load of water to the 'miracle powder', leave it to ferment for a few weeks, and the next thing you know you're drinking home brew for 65p a pint! The complete starter kit costs £19.50 and for info call: 0870 600 2337. Meanwhile, we thought we'd write a proper review of the beer the only way we could – while simultaneously drinking the stuff! Pen in hand, beer in the other, this was the result. Cheers!

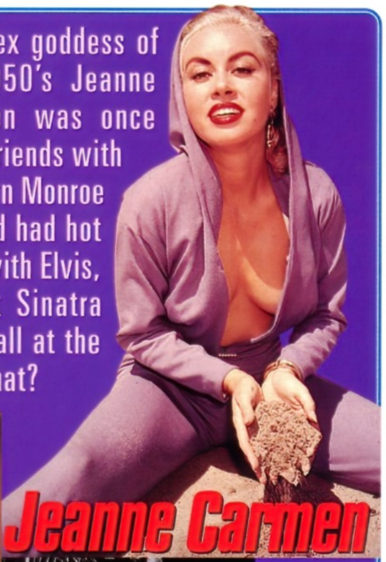
SCENE From MAYFAIR

A QUESTIONABLE CHARACTER

TELLS IT LIKE IT IS…

Bubbly sex goddess of the 1950's Jeanne Carmen was once best friends with Marilyn Monroe – and had hot sex with Elvis, Frank Sinatra and Jack Kennedy (though not all at the same time). Questionable or what?



Can you tell us a little bit about your background?
I was born a dirt-poor farm girl in Arkansas, then I won a beauty queen contest and went to Hollywood to become a popular pin-up girl in the 50s and 60s. During that time I appeared in a number of B-movies and went to lots of wild parties. The movies were forgettable but the parties weren't! I was very close friends with Marilyn Monroe, and was actually the last person who spoke to her before her untimely death.

Is it true that you were romanced by Frank Sinatra?
On more than one occasion! I was so sad at his passing, but he had a hell of a life. He was the most enormously well-endowed man I ever met. I spent a lot of time with him at his house in Palm Springs. One day I was lounging around the pool with Peter Lawford and Frank was completely ignoring me. So I pulled off my panties and bra and threw them in his face!

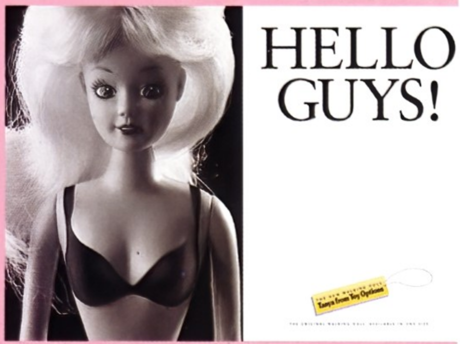
So was Ol' Blue Eyes your favourite lover?
I guess my favourite would have to be Elvis Presley, who I got pretty serious with. We went to a drive-in on our first date and kissed and cuddled. We would have gone further, but I noticed his bodyguards were fogging up the windshield from outside! Later on I invited him back to my apartment to cook him some Southern fried chicken. To make it a special treat for him I wasn't wearing anything under my apron. It's funny, you know, because when I bent down to get the chicken out of the oven, he suddenly lost his appetite for food!

What was your reaction to Marilyn Monroe's death?
I was shocked and terrified at the same time. I truly believed – and still do – that Marilyn was murdered. And I knew enough of Marilyn's secrets to realise that my own life was also in danger. I was advised by a mobster friend to leave town, so I dyed my hair brown and moved to a small desert town called Scotsdale in Arizona, where I became the perfect housewife. No one knew of my past. I stayed anonymous until the early 1980s when a BBC journalist named Anthony Summers tracked me down. He persuaded me to appear in *Say Goodbye To The President*, a BBC documentary which brought out the Kennedy family's connection with the death of Marilyn.

So why have you come forward after all these years?
The BBC arriving on my doorstep had a lot to do with it. But it was a long time ago now, and I believe that the bad guys who might have threatened me are all dead. I have a lot to tell on the subject and all the details will be in my autobiography, which will be published later this year. It's kind of strange, because after years as a housewife my career seems to have started up all over again. A Hollywood studio are planning to make a movie of my life, and George Michael called me up to appear in the video for his hit single, 'Outside,' where I'm leading a man around on a dog lead!

I really thought I'd seen and done it all before, but even at my age there's obviously a lot more to come…

MRS. PLASTIC LEGS



You know when you were a kid and you were given toy cars and guns but you'd shout, "No, I want all the dolls now, now, now!" and storm upstairs and pretend to be a tractor? Well don't worry, because now you're an adult you can buy all the dolls in the world, including this new piece of plastic called Tanya which – get this – walks! Unfortunately we haven't been able to get our hands on one (ahem) to see exactly how it struts about (although reports seem to indicate it resembles a turkey with bananas for legs) but we did get this daft postcard. We don't know how much it costs or where you get if from either, but let's face it – do you care?

FINGER ON THE TRIGGER

There's something about a toy gun that attracts men like a good-looking lady attracts cocks. No sooner had the excellent PlayStation Nu-Gen Assassin Automatic Handgun arrived at the office than us blokes where pointing it around and pretending to be members of an elite SWAT team, rather than ageing buffoons with no clue.

Nu-Gen's accessory is top-notch for shooting games and features a cracking kick-back function every time you pull that trigger. It costs £39.99 and is available in all decent game outlets, and there's even a limited edition silver model out for that extra Sonny Crocket/Martin Riggs touch. Yes!

BOX OF THE BIZARRE

A LOAD OF OLD CROC?

Crocodile penises are in big demand, according to Andrew Cross, owner of the Southern Cross crocodile farm in Queensland, Australia. Andrew is inundated with orders from Japanese herbalists who grind the croc cocks into powder to sell to sad men who ingest it in the belief it will make their own cocks bigger. The stupid ball-less fuckwitts.

NO NEED FOR SPEED

Doh! A county councillor in Nottingham was caught in a speed trap on the A1 and fined £250 for speeding in excess of 80mph. Unfortunately for John Hempsall, the cameras that caught him out were the very same ones the councillor had been campaigning for months earlier! Aaaahh ha ha ha ha!

MONKEY'S BUSINESS

A gang of wild monkeys stormed into a health clinic in Malaysia and made off with medical equipment while scaring the patients and ransacking the place. Apparently this is the latest in a number of similar bizarre incidents. Meanwhile, if anybody wants to come to our special Mayfair monkey hospital give us a call.

FORTEAN TIMES SUPPLIED THIS – AND A HIDDEN ELITE SUPPLY MEDIA LIES IN ORDER TO PROTECT A SECRET BLOOD LINEAGE!

SPRING TIME!

Although he's been around for a while and the novelty has worn off somewhat, we still find Jerry Springer's loud and lewd shows fascinating. Why people would want to air intimate aspects of their lives in front of a baying audience is beyond us, but that they do in the latest release from Medusa Pictures – Springer's *I Refuse To Wear Clothes*. The fifth release in the *Too Hot For TV* series is all about human trash ranting on about being nude in public places, and features the odd spate of violence and copious amounts of swearing. Great viewing for £13.99, but probably not for your mum.

And here's saucy Geri thinking of Britain. If only it was a pic of her thinking of England. Hey-ho.

Warm soft hairy arms, downy blonde like peach fuzz, wrap around my shoulders and squeeze me. Hot breath blows into my ear. Perfume envelopes me, lips kiss the nape of my neck.

"Don't, Geri! Don't!" I say. Her arms drop away. "Please. I'm very busy and I don't want to be pawed, alright?"

I turn to see that it's not alright. Geri is shocked. The silence lengthens. I feel the need to explain so she sits on my lap and listens.

NOT JUST LEAD IN YOUR PENCIL

A campaign to raise drugs awareness in New York went slightly wrong when the Bureau For At-Risk Youth issued schools in one area with pencils on which the slogan 'Too Cool To Do Drugs' was written on the side. All seemed well until the pencils were sharpened so that the messages on the side eventually changed to 'Cool To Do Drugs' and 'Do Drugs' and consequently had to be reclaimed.

"I believe in original perfection rather than original sin, Geri," I confess. "The world is no paradise, but freedom still exists and I want to rise above all the animals that surround us and all the self-love which strangles our humanity."

She kisses me lightly on the cheek. I cradle her in my arms.

"True happiness is a moral achievement. It is the aim and end of man. I am devoted to working for the good of others. Charity is the greatest of the great triad of virtues, charity is affection perfectly ordered."

Her breathing becomes stronger as I quote St. Augustine. A fan of red spreads below her neck as I cite Thomas Aquinas. She wriggles on my lap.

"Go on," she whispers. "Don't stop now."

"You are a woman in the prime of your life and I admire the way that the self no longer occupies a central portion of that life. I too am committed to the service of others. To the great balm that is charity. To filling the hours full of good deeds."

Geri's eyes are tearful, admiring my invincible determination to do good, adoring my fixed purpose.

"Take your clothes off, Geri," I request of her. In her eyes my sense of right amounts to chivalry.

Geri steps out of her skirt, pulling her sweater over her head.

Her hair falls over her face. She unfastens her bra. I smile and nod, coaxing her on.

She kicks off her shoes and, bending over in front of me, removes her tights and then her tiny panties.

"Put them all in here," I say, and drop the clothes in a plastic bag. "I will go down the Oxfam shop tomorrow. They'll be delighted."

She hugs me.

"Say the words," she pleads. "Please."

"Mexican earthquake victims," I say, feeling her heartbeat against my chest. "Albanian refugees. Landmine victims. Sudanese famine fatalities."

She begins to moan. "Orphans. Age concern. Arthritic care," I say, my tempo quickening and my cock hardening.

"More, more!" she cries, as we simultaneously seek the highest fulfilment of human life.

"Tell me what you want and I will do it," Geri gasps.

"Okay. Wear these behind your ears," I reply, passing her her ankles…

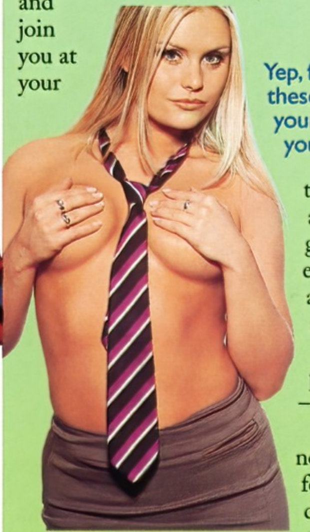
CADDY SHAG?

As sports go, golf has never really been that sexy, has it? But wait! What's this? A 'Girls On The Green' glamourous golf day featuring curvaceous caddies, great grub and – gulp! – a super sexy after-game party!

Organised by a company called New Image Productions, the event takes place at the Trent Park golf course on April 27th, and the cost for a party of four is £795. This fee includes a champagne breakfast, two glamourous caddies who will drive your buggy, offer helpful, erm… tips, and join you at your table for a late lunch after the game, plus green fees, a 'goody bag', entrance to the raunchy after-match party and a souvenir photograph featuring you, your golf partners and – of course – your personal caddies…



Yep, for just under £200 these lovely ladies will carry your bags – and even scrub your balls (if you so wish).

Two other points of note are that part of your fee will be donated to the SPARKS charity, and we'll be there to cover the event for a feature to be published in a future issue of *Mayfair*!

Single players are also welcome (at £200 each), who will be teamed-up to make a foursome on the day. For further information, and to make a reservation, call the lovely Nikki Lucas on 0171 480 5233. And remember: it don't mean a thing if you ain't got that schwing!

OH, LORDY!

Someone sent us a pair of 'his' and 'hers' prayers over the internet but didn't include their name or any other details. Maybe it was god? Er, then again…

The Girl's Prayer

AND WHO'LL STAND UP FOR CHARLOTTE?

Things were so much more innocent in the old days. Innocent, and also totally mad if the fashions are anything to go by. The women had bright happy smiles to match their vivid mini-clothes, while the men just looked like cunts in bad clothes. So nothing has changed, really.

As usual, the happy-go-lucky proceedings were starkly interrupted by another dark *Mayfair* feature, this time concentrating on a load of infected rats being killed. Heebeejebees! What more could you ask for in a mag, eh? One minute you're whacking your cock and the next minute your whacking rats. Fine and dandy.

Mellow yellow, imperial black and lashings of pink bits. Wasn't very blue but hey, who's complaining?

It was all about pipes, booze, leather suitcases and manners twenty years back. And naked women. Women like blonde Janet who sat about with a basket, the mighty Mona who looked fetching in her riding garb, covergirl Adele in a whopping leather basque and… more classic fucking cars? Yes, another batch of old time motors were on display; engines, wheels, boots and all the rest. Fascinating. Mary-Ann got hands back down trousers, as did Lorraine who had eyes bigger than two large coins.

The 'laboratory of human response' *Quest* got to the root of rooting and, once again, there was a colourful addition of Carrie. Ooh, we love her!

Now here's a girl who knows how to give you a good time. And a good thwack!

"Great £5,000 Cash Competition!" screamed the coverline, inviting readers to sit in the warm seat of the boss and be Editor for the day, a job the writer rated as being the best in the world [he was right! –Ed]. Once you'd chewed this over you could imagine chewing on busty Yvonne, a lass from Newcastle who loved to stay in and watch videos. What a charmer. Not quite as pleasant was the feature on Samurai warriors hacking the guts out of each other, quickly followed by blonde beauty Janet without her clothes on. Another batch of cars were given the once over while Nurse Clark, Annabel, Charlotte, Lynne and Patsy closed the show covered in bright 80's lipstick. Ace!

Lots of women and stuff about boats. Oh *Mayfair*, you are lord!

PHOTOGRAPHED BY JOE STEEL

Is it true that Americans really like British people.
I think that's a bit of a myth.

Do *you* really like British men?
No more than American men. It depends on the individual. I do like the Irish, though. A nice guy with an Irish accent can get into bed with me easy.

Oh beejesus, will ya look at them tatters.
Huh? No, see, that just sounds daft.

Do you like it over here in England?
It's kinda cold. My ass is always frozen.

We could always…
No thanks! I can take care of myself, and my ass.

Are Americans dirtier than us British?

I think we're more open-minded. It's like I'll say the word 'sex' and you all go quiet. You're a bit repressed.

We don't know what to say.

My thoughts exactly! I've only ever slept with two Brits, though, and they were both good. Very pale, but good!

TRY SOME COCK (BISEXUAL)

Hi, my name's Peter. I am married to a fucking hot blonde. She recently started to finger me while we were screwing. I loved the feeling of her inside me for a change. I asked her if she thought I was gay. She said that there was no way but that seeing as I enjoyed it so much, maybe I should try sucking a cock. I started 3 months ago. Now I can't get enough of the feeling of a huge throbbing cock inside my mouth. So I'm looking anywhere for cocks — toilets, movie houses, theatres, secluded phone booths in fact any fucking place. So if you'd like to listen to my experiences... What I would love, is to suck your cock (somewhere private if you like)

08961-105 169

30 SECS BLONDE TARTS

Blindfold yourself before you call us. Then put a condom on your finger and insert it inside your hole — cradle the phone between your ear and your shoulder and dial this number. We will ensure a cock blowing experience that will make you spurt your cum all over the floor. Grab your blindfold and let's go...

This is a pay as you go service — No intnl calls or call backs!

THIS IS DIFFERENT

Dear Mayfair reader,

If you enjoy **intimate phone fucking** with a sexy girl, then you're in luck. My name's Bob, and I've put together the **ultimate no nonsense adult chat** service, just for people like you and me. No international calls, no dodgy English, and you don't need a credit card.

I won't waste your time.
You want **value**,
You want **choice**,
You want **action**,
YOU'LL GET IT!

We're different - a **short snappy intro** gets you into the action quickly, and **you get to choose** who you talk to. You can listen to the girls before talking to them, you can even get back to your favourite girls when you call again!

Whether you're a first time caller or a seasoned phone sex addict I'm sure I've got someone for you. Gorgeous girls, horny housewives, strict mistresses and more! All friendly, articulate and **eager to satisfy** your every desire. I've had lots of pleasure training these girls how to please **YOU**. So you get **real** conversations with **real** women, as hot as you can handle.

This is the service you've been waiting for.

Too good to be true? Just call us and see for yourself! I'm sure you'll enjoy it as much as I do ;-)

Best regards,

QUEST

If your sex life is damp there's only one solution – more water! Water and sex can get things flowing nicely as four female readers explain...

Name: Denise
Age: 22
Marital Status: Single
Home Town: Huddersfield

What's your experience of wet sex?

My boyfriend Brian and I have had sex in all sorts of wet places, including the bathroom, but last summer we had a more spontaneous wet sex experience. It was around the time of my birthday, and the first anniversary of us going out together, so we took a holiday in the Dordogne. During the first week we went for a walk along the riverbank. It was sunny when we left our rented cottage, and it didn't occur to us that the weather might change. We'd only been out for a couple of hours when the sky clouded over and it poured down.

Describe what you did next.

We made a dash for the nearest tree, but in the time it took us to get there we got soaked to the skin. Literally. As I leaned back against the trunk, gasping for breath, Brian burst out laughing. I was confused until I looked down and saw my dress had gone completely see-through. It was drenched and clinging to my curves, and you could see my nipples through it. Under the dress, all I had on was a white g-string and that was so wet you could see my pubes, too.

How did your boyfriend react to all this?

As I said, he laughed at first, but as he walked towards me he was looking me up and down. He moved in close and I could feel his cock was rock hard as he pressed his crotch against my stomach. "Okay," he said. "Now I've got you wet, what am I going to do with you?" Corny, I know, but it fitted the occasion!

Describe what happened next.

Brian's hands were everywhere, groping my bum and then my tits through my dress. The wet fabric felt nice and rough against my nipples, especially when he started sucking them through it. His mouth felt red hot and he kept flicking his tongue back and forth against them.

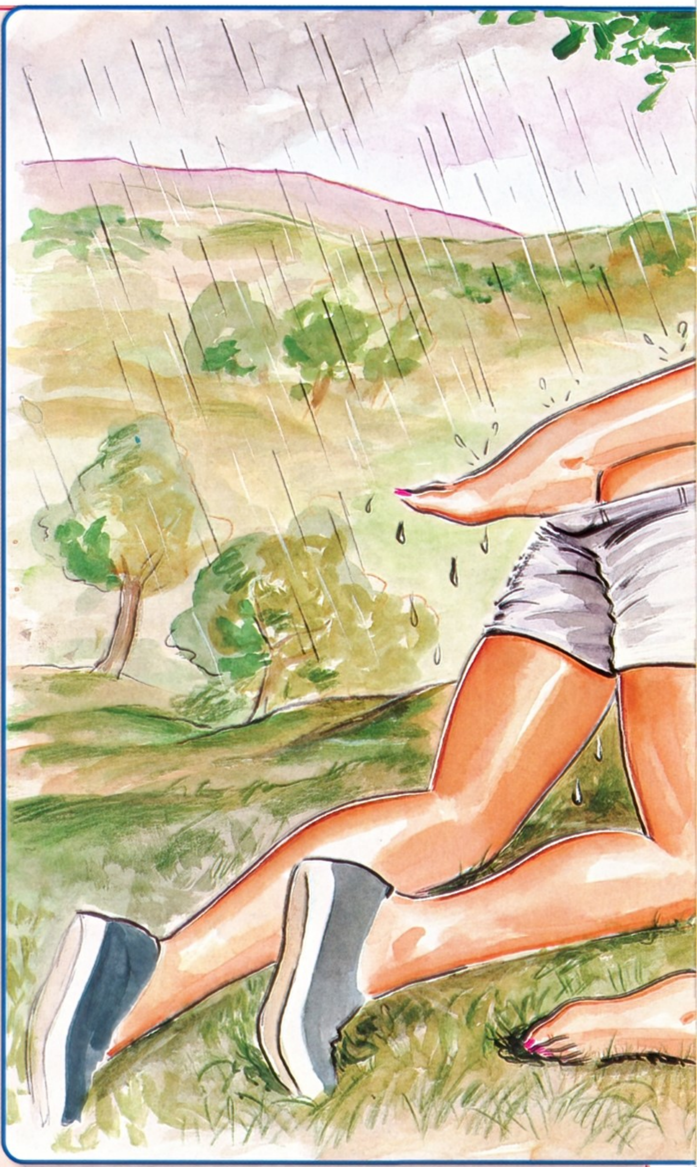
I reached down and slipped my skirt up over my thighs and around my waist, and Brian felt his way up my legs to my pussy. My knickers were just a soaking wet string by now, and my pussy lips had popped out on either side. He almost brought me to orgasm just by stroking them, then he pulled my knickers to one side and sunk his fingers in.

> "He **pulled** my **knickers** to one side and **sunk** his **fingers** into my **hole**"

The rain was pelting down by now and the tree didn't really provide much shelter. But it felt really nice, almost warm. I undid the top buttons on my dress so it could splash against my naked tits. Brian's fingers were working away in my pussy, churning up my juices. I fumbled with his zip, but I was too busy humping myself against his hand to concentrate.

"Do you want to lie down?" he whispered in my ear. Soon I was flat on my back on the grass, stark naked with Brian kneeling over me. He was pushing the fingers of one hand in and out of my pussy, while wanking his own cock with the other one. We reckoned that if anyone was daft enough to stand in the rain and watch us then they deserved a good show!

> "Brian **felt** his **way up** my **legs** to my **pussy**"



How did you feel at this time?

I got a sort of 'at one with nature' feeling. The grass was soft and wet against my skin, really fresh and earthy. Brian moved his knees apart, spreading my thighs, then ran the hot tip of his cock up and down my slit, rubbing it hard against my clit until a little drop of pre-come oozed out of his tip. Then he trailed it back down and put it up me in one quick thrust.

Our fucking was fast and furious: I was moving my hips to meet Brian's thrusts, which made them feel even harder and deeper. I clamped my legs around his waist, then he rolled me over so I was on top of him.

The grass was so wet my knees slid right apart and I ground my clit against him. I arched my body, feeling my long, wet hair swishing against my back and let the rain lash my naked tits.

The rest of it is a bit of a blur. I just remember this intense, explosive orgasm ripping through me, then another warm burst as Brian came deep inside me.

> "Our **fucking** was fast and **furious**"

So in your opinion is wet sex great sex?

It all depends on the situation. Alfresco screwing in a summer rainstorm in the French countryside is one thing. Call me odd but doing it in a Yorkshire pub car park during a November downpour doesn't quite have the same appeal!

Wet sex – have you ever experienced it?

I had a threesome in a jacuzzi with Stuart, my fiancé, and Andy, a mate of his. Andy's girlfriend was away for a week and as he was bored he asked us around. One of the first things I did on arriving at his house was try out his jacuzzi and I was hooked from the start. It was a gigantic, eight-seater thing, big enough for me to float on my back and get an all-over massage from the water jets. One thought led to another and I ended up kneeling on one of the seats, angling my hips so that a jet was aimed at my clitoris.

How did that feel?

As good as using a vibrator. Just as I'd got myself to the brink of an orgasm, Stu and Andy walked in on me – I hadn't bothered locking the door. Stu said, "Are you going to stay in there all day, or what?" Andy was grinning at me. He obviously knew what I was doing. "My girlfriend does that too," he said, before I could explain myself. "And she comes like mad if I finger her from behind while she's doing it."

Meanwhile, Stu was stripping off, and I saw he was already hard. I felt him splashing behind me, and then his hand crept in between my thighs. It took me less than a minute to orgasm. Stu kept on stirring his fingers around until I stopped coming, then got out and sat on the side of the bath with his feet on either side of the jet.

> His **balls** slapped **wetly** against my **arse**

> A **stream** of **bubbles** ran over my **pussy** and up my **crack**

Describe what happened next.

His prick was sticking right up, rock hard, all pink and clean and just begging to be sucked. I couldn't resist this sight so I grabbed hold of his dick firmly and wanked it slowly, then licked the shiny head, teasing my way around the ridge between it and his shaft, lapping the pre-come from his love eye. As I gulped it into my mouth and massaged his shaft with my tongue and lips, I glanced over and saw Andy with his cock in his hand, wanking as he watched us intently.

BOSS SHOWER Gel

> There were **lots** of **slurping** noises around my **cunt**

How did you feel about this?

I didn't really mind, though nothing like this had ever happened before. Stu said, "You know he's always fancied the arse off you, don't you?" That didn't really come as a shock but unsure of how to react I just sucked harder on Stu's cock. I heard the rustle of clothing as Andy stripped off, then a splash as he got in behind me.

Andy stood behind me in the deepest part of the tub, then I felt him fondling my bum. I love having it played with and he was squeezing my cheeks and parting them. As the jet swivelled, I was able to aim it at my clit even when my bum was raised out of the water, but first I had fun, angling it so the stream of bubbles ran over my pussy and up my crack and over my arsehole.

Andy took his time. When his cock bumped up against the entrance to my arsehole I felt it clench, but he chose to slide it into my pussy after all. Once he was in down to his balls he ground his prick around and the wet, sucking, slurping noises of my pussy around it were audible above the splashing and bubbling of the water. As he fucked me, his crotch and balls slapped wetly against my arse. I'd been deep-throating Stu, but as Andy's thrusts shoved me forward, I had to wrap my hand around the base of his shaft so that Stu was fucking my mouth with shallower, faster strokes.

Stu came first and I held the head of his prick on my tongue so I could collect his spunk on it. When I'd sucked every last drop of that load from his balls, I let it dribble out over my neck and tits. Then I turned to smile at Andy and he immediately thrust faster and faster only just pulling out in time to blast a load of spunk over my arse.

> He only **pulled** out in time to **spunk** over my **arse**

So, in your opinion, is wet sex great sex?

I wouldn't go so far as to say I've got a thing for it, but I've always enjoyed it when it happens out of the blue. When your sex life starts to dry up, get wet!

Name: *Ros*
Age: *31*
Marital Status: *with Boyfriend*

Have you ever experienced wet sex?

Well, I've had sex with a few wet blokes in my time! Seriously, I suppose I've done it in all the usual 'wet' places – the bath, the shower and so on. The best, though, was a shag my boyfriend and I had while we were on holiday in Greece last year.

What led up to the experience?

We always try to find somewhere off the beaten track – it's well worth spending a few hours walking if you're going to have a little beach to yourselves. It's nice knowing that nobody is going to interrupt your nude sunbathing, or anything else you end up doing!

One day we'd found the perfect place and had spent the day lazing about and skinny dipping, and shagging on the sand. Anyway, I thought I'd have my last dip of the day and John came with me. We started snogging and I could feel his cock getting hard against me, so I reached down and wanked him. Suddenly I had an idea. We were in the water up to the tops of our thighs and I pulled myself up so my legs were wrapped around John's back. I could feel his cock, rock hard and resting along the groove between my arse cheeks.

> *I was **milking** the **spunk** out of his **balls***

Had you ever had sex in this position before?

No, and that was the point. I'm not particularly big and John's no weakling but we'd never got it right, which always bugged us a bit.

John waded a bit further out, carrying me, until the water was at waist level. Then he lifted me up, then let me slide slowly back down his body. I managed to angle myself so that my pussy sank back down onto his cock. The water was supporting most of my weight. Even when John let go of my arse I stayed comfortably in position.

> *My **pussy** sank down **onto** his **cock***

We moved against each other in a slow grinding fuck. John played with my arse again, parting my cheeks and fingering my hole. My tits were squashed between our bodies, but when we shifted again, I lifted one up for him to suck on the nipple.

As the waves came in they almost lifted us off our feet, and we made the most of it. John would pull out a little as one washed over us, then thrust back in as I sank back down onto his cock. He was fucking me so deep the head of his cock kept bumping up against the top of my pussy. As he got closer to coming he sped up, jiggling me about on his shaft. I let go of his neck and, clamping my legs tight around him to hold him inside me, I floated on my back. This made things even easier. He grabbed me by the hips and moved me back and forth, pulling me on and off his cock and grinding me around on it.

I soon realised I was as close as he was to coming. Maybe the water had washed away my pussy juices, letting more friction build up more quickly, but it only took a couple of rubs of my clit to get my inner muscles clenching like a vice around his prick. I was gripping him so tightly he had to slow his thrusts, but then I took over, squeezing him rhythmically as though I was milking the spunk out of his balls. He must have thought it was me coming, and groaned as he let himself go, filling my pussy up with a hot, thick load. That was just what I needed to set me off. My muscles rippled, drawing his prick even deeper into my hole, as he grabbed my hips and pulled me harder onto it. Then he leaned over and gave me a long, slow kiss.

Have you tried any more variations?

All sorts. We came back the next day and John fucked me from behind, grabbing me around the tits to keep my face out of the water. Over the rest of the holiday, we tried a couple of positions kneeling down in shallower water, and I even let him have me up the arse – a rare treat. We haven't really tried much since we've got home – the public baths is hardly the place, though we bet we wouldn't be the first to shag there. Anyway, the sea is better: the saltier it is the better you float. For my birthday, John bought me a pair of blow-up armbands. I nearly killed myself laughing when I opened them, though the rest of my family didn't get the joke - thankfully!

> *He **filled** my **pussy** up with hot thick spunk*

What's your experience of wet sex?

I've had it quite a few times, in various situations. I'll tell you about one particularly horny shower I took.

Start by telling us what led up to the experience.

I've been into the fetish scene for ages and every so often I come down to London for a club night. On this particular occasion I was wearing a red rubber dress over red rubber stockings and panties. As usual, I just got a drink and strolled around watching other people's action. That's when I first saw Mistress Sara and it was lust at first sight. She was gorgeous – with red hair and very curvy, about six feet tall in her stiletto boots. She was wearing a shiny black PVC catsuit and was wanking off this weedy bloke. She was wearing black rubber evening gloves and her hand was clenched around his cock.

> "I could feel the juices welling up in my cunt"

How did you feel while watching this?

Jealous as hell! My clit was throbbing like mad and I was wishing it was me she was with. I decided it had to happen so I got myself noticed. I got down on my knees right in front of the bloke, so that his prick was thrusting in front of me. Then I opened my mouth, hoping she'd let him come inside it.

She knew I was there, but she ignored me, and just kept on wanking the guy. When he came he really blew his load. Some of his spunk did shoot into my open mouth, but most of it spurted out on my neck. He also spunked on her glove. I saw it, white and creamy against the black rubber. She strode around a bit, then called another girl over and got her to suck and lick her fingers clean. All I could do was imagine the salty, rubbery taste. Then Mistress Sara came over to me and whispered in my ear, "I'll deal with you later."

Describe what happened next.

Nothing! She ignored me right up until the end of the night, when she passed me a cloak-room ticket and said, "Be a pretty and fetch my coat for me." As I queued I could feel the juices welling up in my cunt.

Again, she just ignored me in the cab home and when we got there she said, "I think you need a shower."

She ushered me upstairs to her bathroom, tapping my bum gently. Then she undressed me, unzipping my rubber dress and rolling down my stockings. When she peeled down my knickers the juices held in by the rubber gusset gushed out down my thighs. "You dirty girl," she said, then pushed a couple of fingers into my cunt, before letting me suck them clean.

I stood under the shower and felt the water wash over me along with Sara's hands as she again felt my bottom. She pressed herself up against my back, still wearing her catsuit. My nipples already felt rock hard to me, but as Mistress Sara cupped them in her hands and rolled them between her fingers, they swelled and stiffened even more. I sighed in anticipation when she finally ran them down my body to my hips, but then she let go of me. I didn't hear her unzip her suit, I just felt the pressure of her naked tits against my back.

> "His spunk shot into my open mouth"

As she rubbed herself against me, she reached forward and turned on the hot water. As it cascaded over us she gave my clit a tickle, then wriggled out of her PVC catsuit. She spread my arse cheeks and rubbed her bush against my crack, then she squeezed a glob of shower gel down between our bodies.

Describe what happened next.

She took a big, wooden brush with a short, fat handle and squirted more shower gel onto it. Then she gave me an all-over scrubbing. My skin was tingling by the time she'd finished and my cunt was aching to be filled. I nearly hit the roof with pleasure when I felt Sara slide the handle of the brush inside it.

As she was working it in and out I felt something warm and wet running up and down my crack. I realised it was her tongue licking around my arsehole. I was silently begging for her to slip it inside, when I felt something bigger and harder go in – first one finger, then another. Soon she had three fingers inside me, fucking and stretching my arsehole.

"Not quite enough for you, is it?" Said mistress Sara, pretty much reading my mind. "You need something more, don't you?" she purred. I clamped the head of the brush between my thighs, holding it in position, and felt her tits brush against me as she stood up.

She grabbed the showerhead, and let the spray play over my crotch. Then she switched the setting to pulse, and held it right against my clit. Within a couple of seconds, I felt my cunt contract around the stiff wooden brush handle and my arse pulsate around her fingers. Almost as soon as that first orgasm died away I felt another one build, and Mistress Sara didn't let up until I'd come another three times. I've never had so many orgasms in so short a time.

> "She pushed a couple of gloved fingers into my cunt"

So, in your opinion, is wet sex great sex?

Erm... do I really need to answer that? Mistress Sara's cunt was wet and wonderful after I'd spent two whole hours licking it. As she had black rubber sheets on the bed, we got a bit hot and sweaty again, so we had to have another shower before I left! By the time I left I no longer felt wet behind the ears.

NOT JUST WET BEHIND THE EARS

I'm a 22-year-old female who's only really interested in older men, and I especially enjoy sex in water. This is because I had a great experience when I was 18.

My family and I were moving house and one day a man, Brian, came around to view it while the rest of my family were out. When he came I was having a swim in the pool and when I got out he made no effort to hide the fact he was eyeing me up and down. I had a bikini on and he looked at me and smiled. I felt a rush of excitement and for some reason blurted out, "It's lovely in there, why don't you join me?"

Brian said he didn't have anything to wear and asked if I'd mind if he went in naked. I shook my head and jumped back in, giggling as I watched him undress. His cock was very big and as he climbed in I swam over to him so we were both in the shallow end. Before long we were kissing, and although it was all rather unexpected it was very enjoyable.

Brian tugged my bikini briefs down, feeling up my pussy. I could feel his cock hardening against my leg and gradually he moved it up toward my cunt. I turned around; half in, half out of the water, and lent forward so that my bum stuck out toward Brian, encouraging him to fuck me from behind. His cock entered me and I felt my pussy stretch as it went all the way in, and I can safely say nobody has fucked me so fast before. He finally shot his load inside me, pumping me full of his come.

We spent an hour or so in the pool kissing and fondling each other and we also had one more long, slow, glorious shag in the deep end. Very sexy.

That morning sealed it for me – it has to be an older man giving it to me, and in or near water if possible. I've got my own flat now and I've invested in the biggest bath I could find. If I'm not entertaining men there, I'm often entertaining myself with my nice big dildo. We have a villa in Portugal too, with its own secluded pool which is begging to be put to the test, as it were.

What I'll get up to there on my regular visits will fill an entire issue of *Mayfair* – twice over!

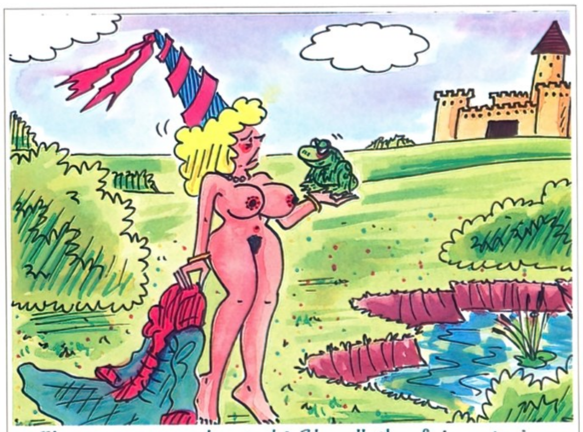
Chloe, South Wales

Then we suggest you get to it, love: it'll save us a shit-load of work!

"I'm entertaining myself with my nice big dildo"

"I felt my pussy stretch as his cock went all the way in"

"Nobody has fucked me so fast before"



"Are you sure about this? In all the fairy stories I've read, the princess only had to **kiss** the frog!"

QUESTION TIME

I have been reading *Mayfair* for years, in fact I keep seeing covers in your Decades of Decadence section that I recognise from years back. For the first time I feel moved to write after seeing Louise in Vol 34/04 as I wanted to ask a few questions. First of all, that final picture of her covered in a sticky substance – is that what I think it is? The whole set was excellent but it was what she said that moved me to write. I was amazed to read she was unemployed and on the look out for work. Why don't you just employ her full-time? Put her on the pay-roll and let's see more of her.

Harry, via E-mail

First of all, Harry, you ask if that sticky substance is what you think it is. We don't know what you think it is. Secondly, none of our models are on a pay-roll as such, but you may still be seeing more of Lou!

I'LL GET STRAIGHT TO THE POINT. MY BOYFRIEND IS BISEXUAL. HE'S NOT GAY, HE JUST LIKES TO GIVE BLOW-JOBS. WE HAVE A VERY ACTIVE SEX LIFE AND HE LIKES ME TO FUCK AS MANY MEN AS I PLEASE AS LONG AS HE CAN JOIN IN. – MEN TELL ME THAT MY BOYFRIEND'S BLOWJOBS ARE THE BEST THEY'VE EVER HAD. SO IF YOU LIKE THE IDEA OF HAVING YOUR COCK SUCKED BY A MAN WHILE YOU SQUEEZE MY TITS AND LICK MY PUSSY THEN GIVE US A CALL. OR IF YOU JUST WANT TO FUCK ME AND LET HIM WATCH, THAT'S FINE TOO. (JUST LET HIM LICK YOU CLEAN AFTER YOU'VE EMPTIED YOURSELF INSIDE ME.
